## Summary

I'm an undergraduate student studying at The Chinese University of Hong Kong majoring in Psychology. I have a great interest in cognitive psychology and neuroscience. Because to understand the world, we must understand ourselves – And to understand ourselves, we must study the brain.

In my spare time, I like to make short videos and films. I see it as a way to express myself.

## Experience

### Research Assistant

SMRT Lab

Nov 2022 - Present (2 months)

Undergraduate Research Assistant in Dr. Teng Xiangbin's SMRT lab.

- Conducting Behavioral Experiment using Matlab and Neuron Network Modeling using Python
